Responsive to the Office Action of 22 October, 2004,  
please reconsider the above-identified application:

REMARKS

Reconsideration of this application is respectfully requested in view of the telephone conference of Friday, January 21, 2005. Applicants thank the Examiner for the courtesy of the interview on that date. It is believed helpful to a consideration of the claims to review certain important features of applicants' invention as well as a consideration of patent case law.
